INDEPENDENT AUDITORS' REPORT

The Governing Body of
Housing Authority of the County of San Joaquin

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

We have audited the financial statements of the business-type activities and aggregate discretely presented component units of the Housing Authority of the County of San Joaquin (Authority), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the business-type activities and aggregate discretely presented component units of the Authority as of September 30, 2022, and the changes in its financial position and, where applicable, cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the following discretely presented component units:

Stockton Sierra Vista I, LP; and
Stockton Sierra Vista II, LP.

Collectively, these entities represent 100 percent, 100 percent, and 100 percent, respectively, of the assets, net position, and revenues of the discretely presented component units. Those financial statements, which were prepared in accordance with *Accounting Standards Codification* as issued by the Financial Accounting Standards Board, were audited by other auditors whose report thereon has been furnished to us, and our opinion, in so far as it relates to the amounts included for discretely presented component units, is based solely on the report of the other auditors.

The financial statements of the discretely presented component units were not audited in accordance with G*overnment Auditing Standards*.

BASIS FOR OPINION

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for one year after the date that the financial statements are issued.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

(1) Exercise professional judgment and maintain professional skepticism throughout the audit; (2) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements; (3) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed; (4) Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; (5) Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

REQUIRED SUPPLEMENTARY INFORMATION

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedules of the pension and other post-employment benefits (OPEB) plans, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required

supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

SUPPLEMENTARY INFORMATION

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's financial statements.

The schedule of expenditures of federal awards, required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements.

The accompanying statement and certification of actual costs, required by the U.S. Department of Housing and Urban Development, is presented for the purpose of additional analysis and are not a required part of the basic financial statements.

In addition, the accompanying condensed combining schedules for discretely presented component units, required by the Governmental Accounting Standards Board, is presented for the purpose of additional analysis and are not a required part of the basic financial statements.

That information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. That information has been subjected to the auditing procedures applied in the audit of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, that information is fairly stated in all material respects in relation to the financial statements as a whole.

OTHER REPORTING REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 14, 2023, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis ("MD&A") for Housing Authority of the County of San Joaquin (the "Authority"), is provided to present both a short and a long-term analysis of the Authority's activities. The MD&A requirements are established by Governmental Accounting Standards Board Statement #34 ("GASB 34") to report the most relevant information for the Authority's financial strength. The MD&A presented below discusses the FY2022 (current year), results in comparison with the FY2021 (prior year), with emphasis on the current year.

The MD&A includes the following indicators as described in paragraph 11 of GASB 34:

- Total assets, distinguishing between capital and other assets
- Total liabilities, distinguishing between long-term liabilities and other liabilities
- Total net position, distinguishing among amounts invested in capital assets, net of related debt, restricted amounts, and unrestricted amounts
- Operating revenues by major source
- Operating expenses by major cost category
- Non-operating revenues (expenses)
- Income (loss) before capital contributions, special and extraordinary items, and transfers
- Capital contributions
- Transfers
- Change in net position
- Ending net position

ORGANIZATION:

We were created in March 1942, to provide and advocate for affordable, attractive, safe living environments, and opportunities to become self-sufficient for persons of very low to moderate income residing in San Joaquin County, California. We are a corporation located in Stockton, California, and were established under United States Housing Authorities Law of 1938, Deering's General Law Act 3483 when the San Joaquin County Board of Supervisors adopted a resolution declaring a need for a Housing Authority in the county.

A seven-member Board of Commissioners is appointed by the San Joaquin County Board of Supervisors and governs the Authority.

BASIS OF PRESENTATION AND ACCOUNTING:

In accordance with uniform financial reporting standards for HUD housing programs, the financial statements are prepared in accordance with Generally Accepted Accounting Principles ("GAAP") in the United States of America. The Authority reports under the governmental proprietary fund type (enterprise fund), which uses the accrual basis of accounting. The enterprise fund emphasizes the flow of economic resources measurement focus. In this fund, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred.

The enterprise fund is used to account for those operations that are financed and operated in a manner similar to private business, or where the Board has decided that the determination of revenues earned, costs incurred, and/or net income is necessary for management accountability. The intent of the governing body is that the costs (expenses including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges.

AUTHORITY AS A WHOLE:

The Net Position of the Authority increased $8,963,626 as of September 30, 2022, over the prior year (see Contributing Factors to Change in Net Position).

Our total assets and deferred outflows as of September 30, 2022, were $85,932,280, an increase of $9,930,629 from September 30, 2021. Net capital assets increased $4,482,589 due to completion of the Crossways Residences and HEAP-funded properties during the fiscal year.

Total operating revenues for the Authority increased $4,993,465 from prior year primarily due grant funding provided for Park Center and Sonora Square projects by San Joaquin County Behavioral Health.

Our debt outstanding (total liabilities) of $30,761,326 as of September 30, 2022, increased $4,402,553 from the prior year, due to the recognition of changes in accumulated pension liabilities.

Total operating expenses increased by $6,244,849 from the prior year, primarily due to increased HAP payments.

FINANCIAL ANALYSIS OF THE AUTHORITY

Cash

Total cash and investments decreased $2,250,378 or 8.5% as of September 30, 2022, when compared to September 30, 2021. Our investments are carried at actual cash value.

Accounts Receivable

Net accounts receivable decreased $1,090,438 as the Authority's DCDC subsidiary received reimbursement for construction costs incurred in prior year.

Accounts Payable

Total accounts payable increased $940,746 compared to September 30, 2021. Payables increased temporarily as a result of construction activities carried out by DCDC.

Results of Operations

The Housing Authority experienced an increase of $8,963,262 in Net Position from September 30, 2021, to $52,691,855 at September 30, 2022 (see Contributing Factors to Change in Net Position below for details).

Operating revenues of our activities are generated principally from HUD operating subsidies and Housing Assistance Payments. In fiscal year ended 2022, our operating revenues for its activities totaled $70,923,673. Of this total, $56,255,198 or 79.3% was from HUD and other government grants and subsidies.

Our expense activities consist primarily of Housing Choice Voucher Program Housing Assistance Payments (HAP). Our total operating expenses were $62,934,624 of which $44,172,087, or 70.2% were HAP.

Contributing Factors to Change in Net Position

Net position for the year ended September 30, 2022, increased $8,963,626 compared to an increase of $6,159,937 for the year ended September 30, 2021. Factors that impacted our net position included:

Operating grants and subsidies were $63,926,556, compared to $60,361,627 for the prior year. The increase was due to grant funding supplied for the construction of the Crossways Residences and Turnpike Road/Sutter Street properties. Crossway Residences grants were supplied by San Joaquin County Behavioral Health, and Turnpike Road/Sutter Street received Homeless Emergency Aid Program (HEAP) funding.

NOTE 01 - NATURE OF BUSINESS AND ORGANIZATION

The Housing Authority of the County of San Joaquin (Authority, we, us, our), was incorporated on March 9, 1942, under the California State Health and Safety Code, Section 34200. The Authority was established to provide clean, decent, safe, sanitary, and affordable housing to low-income families.

Commissioners are approved for either two or four-year terms by the County of San Joaquin Board of Supervisors. The Board consists of seven commissioners.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low-income housing programs in the United States. Accordingly, HUD has contracted with us to administer certain HUD funds.

Our primary operations are comprised of the Housing Choice Voucher Program. This program is designed to aid very low-income families in obtaining decent, safe, and sanitary rental housing. We administer contracts with independent landlords that own property and rent that property to families that have applied for housing assistance. We subsidize the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable us to structure a lease that sets the participants' rent at 30% of household income.

Additionally, we operate the Low Rent Housing Program, which is designed to help very low-income families obtain decent, safe, and sanitary rental housing. The Low Rent Housing Program operates the Authority's own rental housing units subsidized by HUD through an Annual Contributions Contract (ACC). Funding is provided by tenant rent payments and subsidies provided by HUD based upon a formula that takes into consideration factors such as: prior formula funding, population of the area, number of dwelling units, bedroom sizes, building height and building age, utility costs, and rental income.

The Low Rent Housing Program is supplemented by the Capital Fund Program. The purpose of this program is to utilize funds granted by HUD for remodeling and upgrading the facilities in the Low Rent Housing Program, as well as to support overall operations. These grant funds are authorized by HUD each year but can be spent over the course of several years.

The Authority has entered into Mixed-Finance Annual Contributions Contracts approved by HUD to provide public housing for the ACC units at the developments owned by the related parties. HUD, through the Authority, has provided funds through various grants for a number of the developments. A portion of the funds received by the Authority from HUD were converted into mortgage notes and have been loaned to the respective related parties.

In addition, the Authority operates other federal and non-federal housing programs.

Reporting Entity

As described in GASB Statement No. 34, paragraph 134, the Authority is considered a primary government and meets the definition of a Special Purpose Government ("SPG"). The Authority is a legally separate entity that is engaged in only business-type activities. Business-type activities are defined as activities that are financed in whole or in part by fees charged to external parties for goods or services. SPGs engaged only in business-type activities are required to present only the financial statements required for proprietary funds, which includes Management's Discussion and Analysis ("MD&A"), basic financial statements, and Required Supplemental Information ("RSI"). All inter-program activities have been eliminated in these financial statements.

We are an independent agency, with operations separate from those of the County of San Joaquin (County). Our obligations, including loans through direct borrowing or the sale of bonds, are not obligations of the County. The County provides us no funding. Additionally, the County does not hold title to any of our assets, nor does it have any right to our surpluses. The County does not have the ability to exercise influence over our daily operations or approve our budgets.

Management applied the criteria of GASB Statement No. 14, *The Financial Reporting Entity,* Statement No. 39, *Determining Whether Certain Organizations are Component Units – an Amendment of GASB Statement No. 14,* Statement No. 61, *The Financial Reporting Entity: Omnibus – an Amendment of GASB Statements No. 14 and No. 34*, and GASB Statement No. 80, *Blending Requirements for Certain Component Units – an Amendment of GASB Statement No. 14* to determine whether the component units should be reported as blended or discretely presented component units. The criteria included whether the Authority appoints the voting majority of the governing board, there is a financial benefit/burden relationship, the Authority is able to impose its will, the component unit is fiscally dependent on the Authority, the component unit's governing body is substantially the same as the Authority, and management of the Authority have operational responsibility for the activities of the component unit. These criteria were used to determine the following:

The following entities are considered blended component units of the Authority and are required to be blended within our financial statements:

Delta Community Developers Corporation (DCDC)

The Authority is the sole member of DCDC, a 501(c)(3) not-for-profit corporation. DCDC's purpose is to provide affordable housing for low-income, disabled, elderly and homeless persons in San Joaquin County. DCDC files taxes on a December 31 year-end. DCDC issues separate audited financial statements, a copy of the most recent report can be obtained from staff at the Housing Authority office. Financial statement data of this component unit as of December 31, 2021, has been blended through consolidation with the primary government's financial statement data.

DCDC has created numerous sole member limited liability companies which are formed for various housing projects. A list of these entities can be obtained in the financial statements of DCDC.

Reports for blended component units may be obtained at the Housing Authority of the County of San Joaquin, 2575 Grand Canal Blvd STE 220, Stockton, CA, 95207.

The following entities are considered discrete component units of the Authority and are required to be discretely presented apart from our financial statements:

Stockton Sierra Vista I, LP (SV I)

SV I was formed as a Limited Partnership under the laws of the State of California for the purpose of investing in and acquiring a fee interest in the land, constructing, developing, owning, improving, leasing, maintaining, operating, financing, mortgaging, and encumbering a residential rental housing project. SV I consists of 19 buildings comprised of 115 units located in Stockton, California. During 2019, SV I completed construction for 10 of the 19 buildings of the Project and the remaining buildings were completed and placed in service during the first quarter of 2020. SV I is operating under the name of Sierra Vista I Apartments. DCDC Sierra Vista I, LLC, serves as the managing general partner and owns 0.0049% of SV I. SV I reports on a December 31 calendar year and issues separately audited financial statements. Information as of and for the year ended December 31, 2021, have been reported in the accompanying basic financial statements.

Stockton Sierra Vista II, LP (SV II)

SV II was formed as a Limited Partnership under the laws of the State of California for the purpose of investing in and acquiring a fee interest in the land, constructing, developing, owning, improving, leasing, maintaining, operating, financing, mortgaging, and encumbering a residential rental housing project. SV II consists of 100 units located in Stockton, California. During 2020 SV II completed construction. SV II is operating under the name of Sierra Vista II Apartments. DCDC Sierra Vista II, LLC, serves as the managing general partner and owns 0.0049% of SV II. SV II reports on a December 31 calendar year and issues separately audited financial statements. Information as of and for the year ended December 31, 2021, have been reported in the accompanying basic financial statements.

Sonora Square Apartments, LP (SSA)

SSA was formed as a Limited Partnership under the laws of the State of California for the purpose of investing in and acquiring a fee interest in the land, constructing, developing, owning, improving, leasing, maintaining, operating, financing, mortgaging, and encumbering a residential rental housing project. SSA consists of 38 units located in Stockton, California. Construction on SSA was not complete as of yearend. DCDC Sonora Square, LLC, serves as the managing general partner and owns 0.006%. SSA will report on a December 31 calendar year and will issue separately audited financial statements.

Reports for discrete component units may be obtained at the Housing Authority of the County of San Joaquin, 2575 Grand Canal Blvd STE 220, Stockton, CA, 95207.

The following entities are considered joint ventures of the Authority and are not required to be presented within our financial statements:

DFA Cottage Village Associates LP (CVA)

CVA was formed in December 2015, as a Limited Partnership under the laws of the State of California for the purpose of acquiring, constructing, developing, owning, improving, leasing, maintaining, operating, financing, mortgaging, and encumbering a residential senior rental housing project. DCDC Cottage Village, LLC, serves as the co-administrative partner and owns 0.001% of CFA. CFA reports on a December 31 calendar year and issues separately audited financial statements.

DFA Medici Associates LP (MA)

MA was formed in March 2017, as a Limited Partnership under the laws of the State of California for the purpose of acquiring, constructing, developing, owning, improving, leasing, maintaining, operating, financing, mortgaging, and encumbering a residential rental housing project. MA consists of 34 units located in Stockton, California. During 2020, MA completed construction. MA is operating under the name of Medici Artists Lofts. DCDC Medici Artists Lofts, LLC, serves as the co-administrative partner and owns 0.001% of MA. MA reports on a December 31 calendar year and issues separately audited financial statements.

NOTE 02 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accrual Basis of Accounting

The financial statements are presented using the accrual basis of accounting with an economic resources measurement focus. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. As permitted by accounting principles generally accepted in the United States of America (GAAP), the Authority has elected to apply all relevant Government Accounting Standards Board (GASB) pronouncements.

The Authority distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from grant agreements, providing services, and producing and delivering goods in connection with the ongoing principal operations. The principal operating revenues of the Authority include program specific grants, rental income from tenants of the various housing projects. Operating expenses include the cost of services, administrative expenses, and depreciation on capital assets. Revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles as applied to governmental units require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash on hand, demand deposits at financial institutions, investments in Money Market funds, and Certificates of Deposit.

Restricted Cash

Restricted cash consists of cash set aside by HUD for the Housing Choice Voucher Program, cash and investments that are held in trust, reserves and escrows, as well as other cash and investments that are restricted for specific purposes.

Accounts Receivable from Tenants

The Authority uses the direct write-off method for uncollectible accounts for all third-party managed properties. Write-offs of accounts receivable require prior Board approval.

For public housing and Authority managed projects, an allowance for doubtful accounts is established based upon the likelihood of recovery.

Accounts Receivable from HUD and Other Governments

The amounts reported as accounts receivable from HUD or due from other governments represent reimbursable costs or grant subsidies earned that have not been received as of year-end; these amounts are considered fully collectible.

Prepaid Expenses

When applicable, prepaid expenses represent payments made to vendors for services that will provide a future benefit beyond September 30, 2022.

Provision for Uncollectible Notes

A note receivable is considered impaired when, based on current information, it is probable that all amounts of principal and interest due will not be collected according to the terms of the note agreement. Uncollectible notes are charged to the allowance account in the period such determination is made.

Currently, an allowance for the total balance of notes receivable has been made.

Capital Assets

Capital assets purchased or acquired with an original cost of $5,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of exhaustible capital assets is charged as an expense against operations utilizing the straight-line method. Accumulated depreciation is reported on the Statement of Net Position. The estimated useful lives for each major class of depreciable fixed assets are as follows:

Buildings and improvements	10-40 years
Furniture, fixtures, and equipment	3-5 years

Impairment of Capital Assets

The Authority reviews its capital assets for impairment whenever events or changes in circumstances indicate that there has been a decline in service utility that is large in magnitude and outside of the normal life cycle of the capital asset being evaluated. As of September 30, 2022, there has been no impairment of the capital assets.

Compensated Absences

Compensated absences are absences for which employees will be paid, i.e., sick leave, vacation, and other approved leaves. Accrued amounts are based on the current salary rates. Full-time, permanent employees are granted vacation and sick leave benefits in varying amounts to specified maximums depending on tenure with the Authority. Vacation and sick pay is recorded as an expense and related liability in the year earned by employees.

Unearned Revenue

Unearned revenues consist of rental payments made by tenants in advance of their due date, rental supplements to be paid to owners of private dwellings during the first month of the next fiscal year, and grant advances.

Revenues

All Authority revenues are accrued. These revenues consist of user charges for rents, utilities, repairs, and other miscellaneous charges. Monies received from customers for security deposits are recorded as a liability upon receipt. Subsidies and grants, which finance current operations, are reported as operating revenues. Subsidies and grants, which finance capital operations, gain/loss on sale of fixed assets, and interest income/expense, are reported as non-operating revenues.

Revenues for government-mandated and voluntary exchange transactions, are recorded when all applicable eligibility requirements, including time requirements, are met. Resources received before all eligibility requirements are met are reported as deferred inflows of resources.

In accordance with GASB standards, for the fiscal year ended September 30, 2022, dwelling income and other related charges of $4,876,152 has been netted with bad debt expenses of $148,677.

Expenditures

Expenditures are recognized when the liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the years purchased.

Deferred Outflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then.

The deferred outflows of resources related to the net pension liability resulted from Authority contributions to the employee pension plan subsequent to the measurement date of the actuarial valuation for the pension plan, the difference between actual and expected, the effect of changes in actuarial assumptions, and the effect of the Authority's change in proportion. The deferred outflows related to the net pension liability will be deferred and amortized as detailed in Note 09 to the financial statements.

The deferred outflows of resources related to the net OPEB obligation resulted from the effect of changes in actuarial assumptions. The deferred outflows related to the net pension obligation will be deferred and amortized as detailed in Note 08 to the financial statements.

Deferred Inflows of Resources

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and thus, will not be recognized as an inflow of resources (revenue) until then.

The deferred inflow of resources related to the net pension liability results from and the difference between actual and expected experience and difference between projected and actual earnings on pension plan investments, the effect of changes in actuarial assumptions, the change in the Authority's proportionate share of pension contributions and the effect of the change in the Authority's proportion. These amounts are deferred and amortized as detailed in Note 09 to the financial statements.

The deferred inflows of resources related to the net OPEB obligation resulted from the differences between expected and actual experience in measurements. The deferred inflows related to the net pension obligation will be deferred and amortized as detailed in Note 08 to the financial statements.

Net Pension Liability

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Authority's California Public Employees' Retirement System ("CalPERS") plan (the "Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Pension plan investments are reported at fair value.

Other Post-Employment Benefits (OPEB)

For purposes of measuring the net other post-employment benefits (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of our plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

Tenant Security Deposits

Security deposits consist of amounts held in trust with the Authority for tenants to secure apartment leases.

Family Self-Sufficiency Escrow Deposits

The Authority under the Section 8 Housing Choice Voucher and Public and Indian Housing programs is administering a Family Self-Sufficiency (FSS) program. An interest-bearing FSS escrow account is established by the Authority for each participating family. An escrow credit, based on increases in earned income of the family, is credited to this account by the Authority during the term of the FSS contract. The Authority may make a portion of this escrow account available to the family during the term of the contract to enable the family to complete an interim goal such as education.

If the family completes the contract and no member of the family is receiving welfare, the amount of the FSS account is paid to the head of the family. If the Authority terminates the FSS contract, or if the family fails to complete the contract before its expiration, the family's FSS escrow funds are forfeited.

Internal Activity and Balances

Transfers, intercompany charges and other interfund activity balances have been eliminated from the basic financial statements in accordance with GASB pronouncements.

Due to timing differences between the fiscal year end of the Authority and its blended component units, there are internal balances that will not net to zero as of the Authority's year end and thus cannot be completely eliminated. The difference has resulted in certain internal activity reported on the Statement of Revenues, Expenses, and Changes in Net Position as well as the Statement of Net Position.

Net Position

In the statement of net position, equity is classified as net position and displayed in three components: (1) Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by the outstanding balance of any notes or other borrowings attributable to those capital assets. (2) Restricted net position consists of assets with constraints placed on the use either by external groups, such as grantors or laws and regulations of other governments, or law through constitutional provisions or enabling legislation. (3) Unrestricted net position – All other assets that do not meet the definition of "restricted" or "net investment in capital assets".

When both restricted and unrestricted net positions are available for use, generally it is our policy to use restricted resources first.

Leasing Activities

We are the lessor of dwelling units to eligible residents. The rents under the leases are determined generally by the residents' income as adjusted for eligible deductions regulated by HUD, although the residents may opt for a flat rent. Leases may be cancelled at any time or renewed annually. We may cancel the leases only for a cause. Revenues associated with these leases are recorded in the accompanying financial statements and related schedules within dwelling rent revenue.

Authorized Investments

Investments of the Authority are limited to investment types prescribed by HUD in PIH Notice 1996-33 or as amended by future HUD notices.

Additionally, the Authority limits investment types to those that are authorized in accordance with Section 53601 of the California Government Code.

Investment in State Investment Pool

We are a voluntary participant in the Local Agency Investment Fund (LAIF), which is part of the Pooled Money Investment Account that is regulated by the California Government Code under the oversight of the State Treasurer, Director of Finance, and State Controller. We may invest up to $65 million in the LAIF fund. Investments in LAIF are highly liquid, as deposits can be converted to cash within 24 hours without loss of interest. The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. All investments with LAIF are secured by the full faith and credit of the State of California. The State Treasurer's Office audits the fund annually. The fair value of the position in the investment pool is the same as the value of the pool shares. Separate LAIF financial statements are available from the California State Treasurer's Office on the Internet at www.treasurer.ca.gov.

Our investment in this pool is reported in the accompanying financial statements at cost which approximates fair value at amounts based upon the Authority's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). Included in LAIF's investment portfolio are certain derivative securities or similar products in the form of structured notes and asset-backed securities. LAIF's exposure to risk (credit, market or legal) is not currently available.

Investment Policy

The investment policy of the Authority, HUD and the California Government Code do not address legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law. The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure such deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

Fair Value Measurements

Generally Accepted Accounting Principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of quoted prices (unadjusted) for identical assets and liabilities in active markets that a government can access at the measurement date, Level 2 inputs consist of inputs other than quoted prices that are observable for an asset or liability, either directly or indirectly, and Level 3 inputs that have the lowest priority and consist of unobservable inputs for an asset or liability. The Authority has no assets or liabilities measured at fair value.

Income Taxes

We are not subject to federal or state income taxes.

Subsequent Events

Management performed an evaluation of the Authority's activity through April 14, 2023, the audit report date, and has concluded that there are no significant subsequent events requiring disclosure through the date these financial statements were issued.

Implementation of New Accounting Pronouncements

The Authority adopted the provisions of GASB Statement No. 87, Leases. The objective of this statement is to better meet the information needs of financial statement users by establishing uniform accounting and financial reporting requirements for leases, improving the comparability of financial statements among governments that have entered into leases, and enhancing the understandability, reliability, relevance, and consistency of information about leases.

NOTE 08 - OTHER POST-EMPLOYMENT BENEFITS (OPEB)

The Authority offers other post-employment benefits in the form of a health care plan (OPEB Plan) to qualifies retired employees. Medical insurance benefits are offered through CalPERS. The CalPERS Plan is an agent multiple-employer plan governed by the Public Employees' Medical & Hospital Care Act (PEMHCA).

As of September 30, 2022, the Authority's net OPEB obligation, OPEB expense and deferred inflows of resources and deferred outflows of resources for the above OPEB Plan is as follows:

	Net OPEB Liability (Asset)	Deferred Outflows of Resources	Deferred Inflows of Resources	OPEB Expense (Credit)
CalPERS	$ 4,424,800	$ 519,044	$ 1,546,924	$ 170,494

Plan Description

The OPEB Plan is available to retired employees who have retired from the Authority and met the eligibility requirements under the Authority's pension plan. Eligible retirees are entitled to statutory minimum employer contributions under Government Code Section 22892 of the PEMHCA, further subject to the unequal contribution provisions of Section 22892(c).

Benefits Provided

The OPEB Plan provisions and benefits in effect at September 30, 2022, are summarized as follows:

	All Employees
Benefit types provided	Medical only
Duration of benefits	Lifetime
Required service	Retirement
Minimum age	Retirement
Dependent coverage	Yes
Contribution	100% to cap
Contribution cap	$258/mo. for single coverage*
	$514/mo. for two party coverage*
	$661/mo. for family coverage*

*Or Government Code Section 22892 minimum should the minimum exceed this level.

Contributions

The OPEB Plan and its contribution requirements are established by Board action and may be amended by Board action. The Authority contributes 100% of the cost of current-year premiums for eligible retired plan members and their dependents (pay-as-you-go).

Changes in the OPEB Liability

The changes in the net OPEB liability for the OPEB Plan are as follows:

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the Authority if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease	Discount Rate	1% Increase
OPEB Plan	$ 4,985,118	$ 4,424,800	$ 3,964,595

Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following presents the net OPEB liability of the Authority if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current rate:

	1% Decrease	Healthcare Cost Trend Rate	1% Increase
OPEB Plan	$ 4,295,935	$ 4,424,800	$ 4,579,514

Recognition of Deferred Outflows and Deferred Inflows of Resources

Gains and losses related to changes in total OPEB liability and fiduciary net position are recognized in OPEB expense systematically over time.

At September 30, 2022, the Authority reported deferred outflows and inflows of resources related to the OPEB obligation from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ -	$ 594,224
Effect of changes in assumptions	519,044	952,700
Differences between projected and actual investment earnings	-	-
	$ 519,044	**$ 1,546,924**

The deferred inflows of resources and outflows of resources will be recognized in OPEB expense as follows:

2023	$ (186,981)
2024	(186,981)
2025	(186,981)
2026	(262,283)
2027	(208,928)
Thereafter	4,274
	$ (1,027,880)

Actuarial Methods and Assumptions

The Authority's net OPEB obligation was measured and valued based on the following actuarial methods and assumptions:

Valuation date	September 30, 2022
Measurement date	September 30, 2022
Actuarial cost method	Entry age normal
Experience study	2017 CalPERS study
Inflation	2.50%
Investment return/discount rate	4.02%
Healthcare trend	4.00%
Payroll increase	2.75%

The Authority does not presently fund an OPEB trust. Therefore, the net OPEB liability is equal to the total OPEB liability.

NOTE 09 - PENSION PLAN

The Authority participates in a cost sharing multiple employer defined benefit plan through the California Public Employees' Retirement System (CalPERS) which covers substantially all regular full-time employees of the Authority. CalPERS acts as a common investment and administrative agent for participating public entities with the state of California and reports information to the Authority in accordance with reporting standards established by the Governmental Accounting Standards Board (GASB).

As of September 30, 2022, the Authority's proportionate share of the net pension liability, pension expense and deferred inflows of resources and deferred outflows of resources for the above plan is as follows:

	Net Pension Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense (Credit)
CalPERS	$ 12,637,457	$ 4,893,205	$ 815,289	$ 636,259

Comprehensive Plan Information

Information regarding the following items for the Plan is publicly available in a separate comprehensive annual financial report. A copy of the CalPERS annual financial report may be online at https://www.calpers.ca.gov/.

Plan description and benefits provided;
Contribution rates;
Actuarial methods and assumptions; and

NOTE 11 - INVESTMENTS IN DISCRETE COMPONENT UNITS AND JOINT VENTURES

The Authority has a minority equity interests in several entities. The balances of these investments have been deemed negligible as of yearend and therefore are not reported in the accompanying Statement of Net Position.

The Authority has equity interests in legally separate entities, the interests are Stockton Sierra Vista I, LP, 0.0049%, Stockton Sierra Vista II, LP, 0.0049%, Sonora Square Apartments, LP, 0.006%, DFA Medici Associates LP, 0.001%, and DFA Cottage Village Associates LP, 0.001%.

NOTE 12 - BUSINESS RISKS AND CONCENTRATIONS

Risk Management

We are exposed to various risk of losses related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Claims liabilities are reported when it is probable that a loss has occurred, and the amount of that loss can be reasonably estimated. There were no claims more than commercial coverage during the previous three years. These losses include an estimate of claims that have been incurred but not reported. At September 30, 2022, there were no liabilities to be reported.

Concentration - Major Contributors

For the year ended September 30, 2022, approximately 91% of operating revenues reflected in the financial statements are from HUD, along with 100% of capital contributions. The Authority operates in a heavily regulated environment. The operations of the Authority are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to HUD. Such administrative directives, rules and regulations are subject to change by an act of Congress, or an administrative change mandated by HUD. Such changes may occur with little notice or inadequate funding to pay for the related costs and the additional administrative burden to comply with the changes.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Our policy is to manage this exposure to declines in fair values by limiting the weighted average maturity of its investments portfolio. As of September 30, 2022, our risk of changes in interest rates is minimal since the investments primarily consist of state sponsored investment pool funds which have stated interest rates.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. It is our policy to follow the HUD regulations by only having direct investments and investments through mutual funds to direct obligations, guaranteed obligations, or obligations of the agencies of the Unites States of America.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, our deposits may not be returned. Our policy for custodial credit risk requires collateral to be held in our name by its agent or by the bank's trust department.

NOTE 13 - COMMITMENTS AND CONTINGENCIES

Government Examination

We have received funds from Federal grant programs. It is possible that at some future date, it may be determined that we were not in compliance with applicable grant requirements. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined now, although we do not expect such disallowed amounts, if any, to materially affect the financial statements.

Lessor

We have several commercial property leases to various entities for use of business space. These leases expire on various dates through November 2024, and have various extension terms. The total amount of inflows of resources, including lease revenue, interest revenue, and other lease related inflows, recognized during the fiscal yearend was $390,561.

Construction Contracts

During the normal course of business, the Authority is engaged in various construction contracts for rehabilitation and modernization of various properties owned by the Authority.

NOTES TO PENSION SCHEDULES:

In November 2021, the CalPERS Board of Administration adopted new investment portfolios as well as several changes to actuarial assumptions. For PERF C, these changes were implemented in the June 30, 2021, actuarial valuations for funding purposes. Included in these changes were assumptions for inflation, the discount rate, and administrative expenses, as well as demographic assumptions including changes to mortality rates. The inflation assumption was reduced from 2.50 percent to 2.30 percent, the administrative expense assumption was reduced from 0.15 percent to 0.10 percent, and the discount rate was reduced from 7.00 percent to 6.80 percent. As a result, for financial reporting purposes, the discount rate for the PERF C was lowered from 7.15 percent to 6.90 percent in Fiscal Year 2021-22.

In Fiscal Year 2020-21, no changes were made to the actuarial assumptions in relation to financial reporting.

The CalPERS Board of Administration adopted a new amortization policy effective with the June 30, 2019, actuarial valuation. The policy shortens the period over which actuarial gains and losses are amortized from 30 years to 20 years with the payments computed as a level dollar amount.

In addition, the policy does not utilize a five-year ramp-up and ramp-down on UAL bases attributable to assumption changes, investment gains/losses, and non-investment gains/losses. These changes will apply only to new UAL bases established on or after June 30, 2019. In Fiscal Year 2019-20, no changes have occurred to the actuarial assumptions in relation to financial reporting.

In Fiscal Year 2018-19, CalPERS implemented a new actuarial valuation software system for the June 30, 2018, valuation. This new system has refined and improved calculation methodology.

In December 2017, the Board adopted new mortality assumptions for plans participating in the PERF. The new mortality table was developed from the December 2017, experience study and includes 15 years of projected ongoing mortality improvement using 90 percent of scale MP 2016, published by the Society of Actuaries. The inflation assumption was reduced from 2.75 percent to 2.50 percent. The assumptions for individual salary increases and overall payroll growth were reduced from 3.00 percent to 2.75 percent. These changes will be implemented in two steps commencing in the June 30, 2017, funding valuation. For financial reporting purposes, these assumption changes are fully reflected in the results for Fiscal Year 2017-18.

In Fiscal Year 2016-17, the financial reporting discount rate for the PERF C was lowered from 7.65 percent to 7.15 percent. In December 2016, the Board approved lowering the funding discount rate used in the PERF C from 7.50 percent to 7.00 percent, which was phased in over a three-year period (7.50 percent to 7.375 percent, 7.375 percent to 7.25 percent, and 7.25 percent to 7.00 percent) beginning with the June 30, 2016, valuation reports. The funding discount rate includes a 15 basis-point reduction for administrative expenses, and the remaining decrease is consistent with the change in the financial reporting discount rate.

In Fiscal Year 2014-15, the financial reporting discount rate was increased from 7.50 percent to 7.65 percent resulting from eliminating the 15 basis-point reduction for administrative expenses. The funding discount rate remained at 7.50 percent during this period and remained adjusted for administrative expenses.

NOTE 01 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal awards activity of the Authority and is presented in accordance with accounting principles generally accepted in the United States of America, which is the same basis of accounting as the basic financial statements. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of our operations, it is not intended to and does not present our financial position, changes in net positions, or cash flows.

NOTE 02 - INDIRECT COST RATE

We have elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE 03 - FEDERAL LOAN BALANCES

We participate in housing programs where funds have been provided by Federal agencies as loans as presented below:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the County of San Joaquin (Authority), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated April 14, 2023.

The financial statements of the discretely presented component units were not audited in accordance with *Government Auditing Standards*.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Governing Body of
Housing Authority of the County of San Joaquin

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

OPINION ON EACH MAJOR FEDERAL PROGRAM

We have audited Housing Authority of the County of San Joaquin's (Authority) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended September 30, 2022. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

BASIS FOR OPINION ON EACH MAJOR FEDERAL PROGRAM

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

RESPONSIBILITIES OF MANAGEMENT FOR COMPLIANCE

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Authority's federal programs.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF COMPLIANCE

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

(1) Exercise professional judgment and maintain professional skepticism throughout the audit; (2) Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances; and (3) Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
